LOOKING FOR SISTER

YOUNG MAN ARRIVED FROM MARSHALL COUNTY TODAY.

Thought His Sister Had Eloped, But Could Not Find Her in the City.

E. T. Ingram a young farmer residing near Birmingham, Marshall county, Kentucky, telephoned to the police yesterday afternoon late to have his sister stopped in a supposed elopement with another young farmer named Charles Dake.

Officers Singery and Hurley searched train No. 101, and found Dake, but not the girl. Dake stated he was en route to Missouri to reside and that he did not have the girl and knew nothing of her whereabouts.

Dake was permitted to continue his trip and this morning the brother showed up and was searching the city for his sister, whom he thinks has secreted herself somewhere with the intention of joining Dake after the search for her is over, and marrying him. Both Dake and the girl are under age.

WANT AND NEED.

There's a big difference between what a baby wants and what he needs. Deny him the one, give him the other. Most babies need Scott's Emulsion—it's the right thing for a baby. It contains a lot of strength-building qualities that their food may not contain. After a while they get to want it. Why? Because it makes them comfortable. Those dimples and round cheeks mean health and ease. Scott's Emulsion makes children easy; keeps them so, too.

LATE BASEBALL NEWS

"Chief" Lloyd, manager of the Paducah baseball team, has returned from Helena, Ark., where he has been working at his trade. The ball grounds will be shortly improved.

The manager of the colored baseball team, which won fame for Paducah in the north and south last year as the strongest colored ball team, excepting Chattanooga, is preparing to reorganize. He stated yesterday that he would have three new faces on the team and had secured crack players, two from Chicago. He says his team will be stronger this year than ever and he will meet today with the baseball park owners to see about engaging the park this season when the league team is not here.

Paducah has secured an outfielder from Manager Grillo, of the Toledo American association team, and local fans will be glad to learn that Grover Land, the big catcher, will be given a try-out with the Toledo team this season. This was announced this week by Manager Harry Lloyd, who has been in correspondence with Grillo relative to Land. Grillo wanted to give Land back, but Lloyd wants him to go into faster company. Grillo turned Miller, a fast outfielder, loose to Paducah because he had a surplus. Miller is said to be a good stickler and is a star fielder. He was with the Toledo team last season.

Eddie Taylor, the star center fielder for the Indians, will go home to Ironton, O., next week to remain with his family until the season for practice opens.

Taylor tells the true story of Bobby Barlow's fortune. Barlow lives with a stepfather, next to a crippled steamboat pilot named Ellis who invented a car step worked from the engine cab by the engineer. It saves the flagman on passenger trains from carrying the usual footstool and Bobby and his stepfather went in \$100 each to patent it. This gave them one-third interest each. The patent sold for \$20,000.

Taylor heard from Barlow last week and the little fielder will play with Houston in the Texas league. The report that he will not play ball is erroneous.

The owners of the Mattoon-Charleston ball team have signed a contract with John Berryhill, of Lebanon, Ind., to manage the team, which is a member of the "Kitty" league.

Morris S. Hord, of Louisville, who gives his occupation as a ball player, filed a petition in bankruptcy in the United States court today. He owes \$500 and has no assets except \$35 worth of wearing apparel, on which he claims exemption. Hord was formerly a watchman at the Lakeland asylum and played on the Lakeland ball team. Last season he played with the "Kitty" league.—Louisville Post.

West Kentucky Coal Co. to Build Railroad.

The West Kentucky Coal company has presented a new railroad proposition to the citizens of Sturgis, Ky., asking their influence in securing a right-of-way from Sturgis to Clay where the road would connect with the new M. & A.

No financial support was solicited, and the citizens embraced the new plan with alacrity and readily granted the request of the coal company. Several routes are under consideration, and so soon as one is selected the citizens will go to work in earnest to aid the company in securing the right of way.

It is quite probable this road would be extended to Shawneetown, and besides the I. C. and the M. & A. connections, Sturgis would have advantages from tapping the Ohio river and two great railroad systems to Shawneetown.

Little Clarence, who is the son of a railroad man, saw a dachshund for the first time the other day and remarked: "I don't see how that dog can go round in a circle very long without having a rear-end collision. —Life.

MARVIN HART NO LONGER CHAMPION

The Kentuckian Failed to Show Championship Form.

Tommy Burns Awarded the Decision After the Twentieth Round at Los Angeles.

HART WAS BADLY PUNISHED.

Los Angeles, Feb. 24.—By those who took Marvin Hart's claim to the world's heavy weight championship title seriously, Tommy Burns of Detroit, may now be considered the heavy weight champion. Burns decisively out-pointed Hart last night and was given the decision at the end of the twentieth round.

From start to finish, with the possible exception of the tenth and twelfth rounds, when Hart had a very small advantage, Burns out-fought the bigger man, out-generalized him and beat him at every point.

Hart failed to show championship form of any sort, and Burns at times made him look like a novice. Hart's right eye was closed, left eye badly marked and his face presented a bloody sight practically throughout the fight.
